CHC Boot Camp: Modeling a Successful Finance Department

PRESENTERS: Christy Yoakum, Managing Director; Catherine Gilpin, Managing Director

TRAINING DESCRIPTION

This training will address the components of a health center financial program with detailed discussions regarding internal controls, segregation of duties, managing aspects of significant financial areas, and financial statement processes that should be in place to help the organization prepare for its internal and external reporting requirements. We will address these items in a practical, detailed manner by working through questions and case studies to help paint a “360 degree” picture of the roles and responsibilities of health center financial staff.
